(54) Title: WATER DISPENSER

(57) Abstract

A water dispensing unit (10) for providing substantially treated or distilled water includes a display panel (88) at a housing (92) of the unit. The display panel is operable to convey an advertising message to a user of the water dispensing unit. The water dispensing unit may be a distillation unit which comprises a boiling unit (14), a steam tube (16), a condensing unit (18), a holding tank (20) and at least one dispensing nozzle (12).
